O'DALY IS SMUGGLED INTO HEARING TO TESTIFY

IRISH TRY TO RESCUE GRIFFITH

WOMAN FRIEND OF MacGILVRAY IS SOUGHT

CASHIER TELLS HIS STORY

O'Daly Appears on Behalf of Suspended County Paymaster, Who Denies His Guilt

Thomas F. O'Daly, ex-cashier, under indictment for forgery and the larceny of several of city funds, was hurriedly and covertly rushed into the City Hall today to testify for Edward J. Sullivan, county paymaster, suspended for alleged irregular and improper entries in his books.

As quickly and as secretly as it was arranged to get out of the county jail, O'Daly was hustled back to the jail after he had testified before the City Council.

O'Daly was called to give testimony in Sullivan's behalf. A hurried, secret, and supposedly unheralded, motor ride was arranged for O'Daly to the City Hall. He was accompanied by a deputy sheriff.

WAITING STARBUCK.

O'Daly, on his release, was to have conferred with Starbuck, Sullivan's attorney, but Starbuck appeared to have made no appointment to see O'Daly. Under the direction of Attorney William A. Morse to the appearance of the latter's client, O'Daly, in the police van in the county jail, it was said that he was waiting for Starbuck at the office of his attorney in the Equitable Building.

A motion that the constitutional rights would be safeguarded was given by Corporation Counsel Hill, who had previously declined an affidavit made by O'Daly.

The latter appeared at ease as he sat beside his counsel and in the seats ended and greeted many city employes. Even to him for many years.

DENIAL BY SULLIVAN.

Sullivan, the suspended paymaster, took the stand in his own behalf and made a sweeping denial that the entries he made at O'Daly's behest were improper or irregular, or that he misrepresented why they were being made. He denied knowledge of a cash voucher for $109.15 later raised to $159.15 and kept in the office for four months to cover the transactions.

Benjamin A. Turner, acting cashier and who held that position for 37 years, declared he would have questioned Sullivan from if O'Daly had said asked him to make such an item on his books. He declared it was irregular.

Before O'Daly was called to the stand Corporation Counsel Hill said he would not be required to answer questions that would incriminate him and that information sought would be confined to the issues of the case.

RESERVISTS RIOT AT WOOLWICH ARSENAL

London, May 14.—Added significance was today given to Premier Lloyd George's "revolution warning" by a riot of 700 reservists at the great Woolwich arsenal. Soldiers in trench helmets and equipped with rifles, as well as extra squads of police, had to be sent to the scene before the rioters were quieted. As a result of the disturbance additional pickets were stationed at the arsenal.

DONS APRON

MARGUERITE, COUNTESS OF SUFFOLK

London, May 14.—Marguerite, countess of Suffolk, daughter of the late Earl Lister of Washington, will be married as a stewardess on the Aquitania, sailing for New York today, she replaces one of the striking stewardesses.

The Countess when informed of the strike, proffered her services and was given her outfit when she boarded the ship.

Servia at once organized, it is said, a Peace Battalion, composed of the Cunard Company, who are going to join an expedition.

Arthur William, brother of Lord Jersey, was appointed steward of a London Arthur, brother appeared before the magistrate. Many prominent Britishers and Americans preferred their services.

One thirty American, who refused to give his name, volunteered to be bar-tender in the smoking room during the voyage. He was accepted.

Three thousand passengers have been booked for the trip.

The company plans to give the volunteers a holiday in New York.

NEW CLEW IN DEATH CASE

Believed Woman for Whom MacGilvray Bought Glasses Could Solve Mystery

Police today began a search for a woman for whom Paton MacGilvray bought a pair of tortoise-trimmed glasses in a Boylston street shop on March 2.

They believe when they have found her they will have done much to clear up the mystery of what happened just before the fatal shooting of MacGilvray, former American flier, member of the U. S. A. was found in a Back Bay alley.

The clerk who sold the glasses attempted today to account for MacGilvray's refusal to bring the woman in to have the glasses fitted to her eyes.

The glasses were rather ornate. The clerk told MacGilvray that better results would be obtained if the glasses were fitted to the eyes. MacGilvray said quickly that was impossible.

DEATH CAR CLEW.

Investigation also was continued of the "death car" clew and of MacGilvray's relations with all the women of his acquaintance.

Some officials working on the case say they was tried after being taken home in an automobile, that MacGilvray died in the alley off Harcourt street and that the person found entering the slain flier's lodging house was an Dunlap street butterfly before daybreak was his murderer, held on searching the dead man's effects.

It was intimated that Mrs. Evelyn Clifford of No. 18 Queensbury street might be questioned again shortly.

She received the last letter that MacGilvray is known to have written. It was to her that he transferred his automobile.

Medical Examiner Leary and Capt. Hultman are working on the case.

To Seize Gems to Pay German War Debt

Copyright, 1921, by the International News Service.

Berlin, May 14.—Germany will confiscate the gold, diamonds and pearls of her citizens for the purpose of paying the indemnity to the allies, if Dr. Matthias Erzb rger has his way.

Erzberger, who returned to his full former power as Germany's politician when he became lieutenant Dr. Wirth became Chancellor a few days ago, is called the man supremely to the International News Service today.

The former Vice-Chancellor and finance minister is bitterly hated by his own classes because he more than any other individual was responsible for Germany's signing the Versailles treaty and, furthermore, because he is the author of an exhaust ve confiscation tax system. He remained in the background during the past year content to "pull the wires."

The correspondent asked him what he had to say to the press concerning him from all quarters, especially to such statements as "Wirth, Erzberger's mouthpiece, jumps when Erzberger

THEFTS HIDDEN BY POLICE

Burglaries and Assaults in South Boston Withheld, Business Men Claim

Robbers and hold-up men have been increasing their activities in South Boston in the last few days, it was charged today by business men.

As usual, the police have withheld the news, save when they could report arrests.

Three men entered the store of Max Schubert, an elderly merchant at No. 418 West Broadway, and forced him to deliver $40. That was several days ago, although it has been kept from knowledge.

The Schubert store is one of the most profitable of the hold-up/fares in the residential district.

Sherman Brothers of No. 460 West Broadway, dealers in hardware and sporting goods, report their store broken into recently. Goods worth $100 were taken.

Other West Broadway business men declare their stores have been entered within a week, in some cases without loss.

About two weeks ago a sixteen-year-old girl was attacked at Old Colony avenue and C street and badly beaten. Her pocketbook was taken. As an arrest was made, this crime was made public, though not directly it was committed.

There is general criticism of the alleged inactivity of the police in South Boston.

Business men say that news of robberies and holdups are withheld in order to cover the police in case of failure to make an arrest.

SAYS MISMANAGEMENT KILLED 13 FLIERS

Chicago, May 14.—Charges of gross mismanagement resulting in the death of at least thirteen fliers in the air mail service, made by Lieutenant C. C. Eversole to a Federal committee conducting a secret inquiry, are being investigated further today. Included in the evidence given by the lieutenant were affidavits from a number of pilots and mechanics now in the service. The aviators for whose death Eversole blames the management of the service, include Pilot Carl Smith, Pilot Stoner, Pilot McMullin, Pilot Max Stevens and Pilots Stevens and Thomas.

2 MISSING AFTER BOAT EXPLOSION

Men Seen Wreathed in Flames When Army Patrol Vessel Blows Up

By International News Service.

New York, May 14.—Argo, naired boat No. 46, an oil burner, anchored outside of Army Pier No. 1, Hoboken, blew up today, and first reports received by the police said that two or possibly, the members of the crew were missing. Two or three were said to have been sighted in the water wreathed in flames.

One man was seen to leap from the burning deck and two others jumped, injured, were pulled out of the water where they were clinging after the force of the explosion.

Although the explosion is believed to have been an accident, the Twenty-fourth Infantry was turned out to guard the pier. Soldiers of the 24th aided in the rescue of the three men and several of them were seriously burned.

JOBLESS GIRL IS SUICIDE

Adams Mill Worker's Body Is Found Floating in River

Adams, May 14.—The body of Miss Jennie Rumpa, thirty-one years old, a mill worker, was found in the Hoosac River today by workmen on their way to the nearby mill.

The woman, who had been brooding for some time over her inability to get work, left her boarding house No. 28 Commercial street shortly before midnight, clad only in a pair of shoes and a cotton house dress.

She was seen walking down the street leading to the river, but was not missed until the body was discovered today.

She leaves a married sister, who lives in New York, and a brother Edward, a mill worker here.

BOSTON PEOPLE AT DARTMOUTH PROM

Several Greater Boston people had prominent parts in the success of Dartmouth's junior prom, in the annual gymnasium in which 500 couples participated. The gym was decorated as an Oriental garden. Dancing occupied the time of the guests at the College until the time for the ball. Mrs. Ernest Martin Hopkins was head and Mrs. Charles L. Hopkins of Brookline one of the hostesses.

DIVA SUES

MME. FRANCES ALDA, operatic soprano, who sues for $125,000 against her brokers for $125,000.

New York, May 14.—Frances Alda, soprano of the Metropolitan Opera Company and the wife of Giulio Gatti-Casazza, is suing the brokerage firm of Van Antwerp, Bishop & Fish, No. 15 Broad street, for $125,000, which she alleges she lost through them.

The singer in her complaint charges that she gave the brokers an account to be used with discretion, and that they formed a pool and sold stock to her at an advance of more than ten points above what they had paid for it. Through this method, she alleges, she lost $125,000.

Denial of the charges is made by Charles L. Hoffman, one of the members of the firm, who says that whatever stocks was bought for Mme. Alda's account was purchased at the market price.

ENGLAND 28,000,000 TONS SHORT IN COAL OUTPUT

Washington, May 14.—England is approximately 28,000,000 tons behind her annual coal production as the result of the strike, according to reports received from the Department of Commerce representative in London.

The average production for 1920 was at the rate of about 1,050,000 tons per week, and it is stated that there has been practically no coal production in the six weeks since the strike began on March 1. As the normal exports averaged about 750,000 tons per week, England has lost approximately 4,500,000 tons to date in her export trade.

CHARGES HAYWOOD WAS $35,000 SHORT

Chicago, May 14.—Charges that William (Big Bill) Haywood fled to Russia to escape punishment for a shortage of approximately $35,000 in the funds of the defense committee of the Industrial Workers of the World utilized in connection with the I. W. W. which is meeting here, were made by Rae Martin, who succeeded Haywood as chairman of the committee. Martin declared Haywood failed to keep any systematic account of the committee's funds.

DELIVERY PLOT IS FOILED

Sinn Feiners, Disguised as British Soldiers, Get Leader to Prison Gates Before Discovery

Dublin, May 14.—An attempt to daring Sinn Fein leaders to release Arthur Griffith, founder of Sinn Fein and vice-president of Dail Eireann, and other imprisoned Irishmen at Mountjoy jail failed today.

The rescue party, which was made up of uniforms of British soldiers, almost succeeded in getting into the prison and was arrested just as Sinn Fein leaders were making their escape to freedom when the plot was discovered.

The Sinn Feiners drove up to Mountjoy prison in an armored car, similar to those used by British officers in escorting Dublin hostages, exhibited the proper papers calling for the transfer of the imprisoned Sinn Fein leaders from Dublin to Belfast and were admitted.

After being welcomed by the Governor of the jail and his assistant, the Sinn Feiners then seized keys and gagged the two men and other officials and then went to the cells where Griffith and other Irish patriots were confined and succeeded in getting their charges into custody and on their way to the armored car when returning guards and British soldiers discovered the imposition.

The Sinn Feiners were challenged at the prison gates by these guards, who, suspicious of a possible jail delivery, questioned the rescue party closely and also saw that the armored automobile was guarded by the waiting car.

As the armored car moved away the British guards sent a hail of bullets after the departing Sinn Feiners, who reaching a safe distance from the prison, stopped, disguising Sinn Feiners abandoned the car and vanished away.

Arthur Griffith was arrested and imprisoned last year after a raid had been made upon his home by British police officials and papers seized. He has been a leader of the political side of Sinn Fein, never urging violence.

Sinn Feiners Attack Docks at Belfast

Dublin, May 14.—Serious rioting took place in Belfast, stronghold of Ulster, this morning. Sinn Feiners there made separate attacks on the docks, setting fire to several factories and pieces of their main weapons.

The police and military in suppressing the riots, several persons were injured in the fighting.

Williams Sees Private Light Grab Doomed

The Edison Electric Illuminating Company and all private corporations controlling public utilities were flayed by George Fred Williams in an address before the executive committee of Boston City Council in which he favored a municipal gas and electric plant.

He said certain corporations are allowed to run riot here in Boston, notably the Edison Company, which is doing about what it pleases.

He declared private control of public utilities was a false system and inconsistent with a decent democratic administration of public affairs. He said the enemies of politics would never be open to correct, patriotic men "until cleared of the corrupting influences of public service corporations."

He quoted Bismarck's famous prophecy that public regulation would cause private capital to shun enterprises too rigorously controlled by the people. He referred to the grave mal-administration in Boston and New England as illustrated by the Boston Elevated Company and the railroads.

He said private corporations controlling public utilities would eventually submit to public ownership as soon as they were restricted to

WILLIAMS FLAYS LIGHT GRAB

Says Edison Company Is Allowed to Run Riot in Boston

WATSON FLAYS MISDEEDS.

that it is practically useless for a man to undertake to progress in public life unless he becomes the servant of these interests.

SYSTEM WRONG, HE SAYS.

"Therefore, in principle, the system of private ownership is false, because it is inconsistent with a decent democratic administration of public affairs, and you never will open the cavities of politics to earnest and patriotic men until you can clear those avenues of the corrupting influences of public service corporations.

It has been discovered that the pressure upon capital through public control is such as to delay private enterprise in public utilities. We have the railroads of this country today confessing themselves on the point of bankruptcy; we have the collapse of some of the richest of our municipal utilities—notably in our own city the Elevated railroad and the Bay State. That collapse was perfectly logical, and it must occur some time.

"There is a necessity for assumption of these organizations by the public, acting through its various organizations, municipal, county, state or nation, and we shall have very soon a general desire on the part of the stockholders of these bankrupt organizations to put them over onto the public, and ultimately necessity itself will finally force all of these organizations into the hands of receivers.

High Spots in Williams' Attack on Edison Co.

Certain corporations are allowed to run riot here in Boston, notably the Edison Company, which is doing about what it pleases.

Private control of public utilities is a false system and inconsistent with decent democratic administration of public affairs.

Private corporations controlling public utilities will submit to public ownership as soon as they are restricted to legitimate profits. They seek illegitimate profits, such corporations are not content with dividends of five or six per cent.

The Edison company's attempt to capitalize its surplus means that the very contributions of the public are to be made an added burden to the electricity-using people of the Edison section.

"Isn't it the Edison Company that has recently been before the Legislature asking to capitalize its surplus? What does that mean? It means that the public has paid in profits to that company to a very large amount which that company now wishes to convert into dividend-paying stock. In other words, the very contributions of the public are made an added burden to the electricity-using people of the Edison section.

"Therefore, as a financial proposition, apart entirely from the question of maladministration, which has been so serious in our Commonwealth and in New England—entirely apart from that the desirability of establishing a system by which the public shall pay off its debt year after year is so apparent that I think the average citizen is now beginning to understand and appreciate it."

Mr. Williams discussed the question of municipal ownership of the Edison plant in Ontario, which he said he would not be influenced by. Boston, he declared, is one of the most important commercial centers in the country, and the Edison company pays a high price for power generated from Niagara Falls. A fair proposition, he said, is not to own or operate the plant, but to own the power which is generated there. The Edison company was charged with "playing politics" in 1914 and 1915 in the American side.

SEVERE ITCHING PIMPLES ON FACE

Large and Red, Could Not Sleep, Face Disfigured. Cuticura Heals.

"Pimples were scattered all over my face. They were large and red and the itching was so severe that I used to scratch them so that I was very restless and could not sleep, and my face was disfigured.

"The trouble lasted about a month and a half. I began using Cuticura Soap and Ointment and after I had used two cakes of Cuticura Soap and two boxes of Cuticura Ointment I was completely healed in three weeks." (Signed) Vincent Nozzo, 117 Cottage St., East Boston, Mass., July 7, 1920.

Cuticura Soap, Ointment and Talcum are all you need for all toilet uses. Bathe with Soap, soothe with Ointment, dust with Talcum.

Samples Each Free by Mail: Address: "Potter-on Laboratories, Dept. H, Malden 48, Mass." Sold everywhere. Soap 25c. Ointment 25 and 50c. Talcum 25c. Cuticura Soap shaves without mug.

Brides Have Taken Delight in Selecting Their Trousseaux from the Fine and Extensive Stocks of New England's Greatest Store

From the day their engagements are announced until the day they are married, brides give much of their thought to their trousseaux

Throughout our entire establishment are displays of special interest to brides. There are suggestions for the trousseaux, the wedding, the wedding trip, wedding gifts and the new home.

Suits

AND what Bride does not choose her "going away" costume with as much care as her gown? Nothing will make the bride look smarter or lovelier than an embroidered Tailleur of Navy Blue—with a youthful box coat ranging in price from **35.00 to 95.00.** For motoring, shopping or sports wear she will choose a chic homespun or tweed suit at **25.00** upward, or a tailored jersey suit at **15.00** and upwards.

Other Suits from 25.00 to 150.50

Wraps

FOR the wedding trip the Bride will wear a full belted model of mouffion duvetyn—it is appropriate for the train or motor and is priced **75.00.** For dressy wear she needs a handsome afternoon wrap—one beautiful model is of Navy Blue Satin with gray silk lining, priced **75.00.** For sports and seashore wear, new knitted capes and wraps of Zephyr and Alpaca Yarn up to **45.00.**

Other Coats 25.00 to 95.00

Blouses

WHAT a choice the Bride has in these adorable French Blouses, trimmed with exquisite laces and embroideries, at **10.50 to 75.00.** Then there are beautiful georgette or silk crepe Overblouses that feature most charming color combinations in touches of beading and embroidery, from **7.95 to 50.00**

Other Cotton Blouses 2.00 to 75.00
Other Silk Blouses 5.95 to 50.00

Gowns

FASHION decrees that 1921 Bridal Gowns shall be of such soft, supple fabrics as georgette, satin meteor and Spanish laces. Our showing consists of many beautiful models. For Bridesmaids are frocks of Chiffon Crepe and lace combined, all in one tone, such as jade, orchid and jonquil at **25.00 to 95.00.**

And of course she'll want a frock of Canton crepe. A lace dinner frock and sports clothes for later wear.

Other Gowns from 25.00 to 150.00

Veils

A MIST of tulle or lace sprayed with orange blossoms, is her veil. Real lace veils in a most varied assortment including those of rose point, princess and Bretonne laces, **6.00 to 150.00.** White bridal tulle by the yard, **3.50.**

Lingerie

IF she has visions of creamy satin, delicately tinted georgette or crepe de chine she may choose many beautiful pieces from **3.95** upward. Or if the exquisite beauty of delicately wrought handwork from Paris has captivated her fancy, there are wonderful bridal sets for her with many exquisite touches from **25.00 to 150.00**

Other Crepe de Chine Lingerie 2.95 to 25.00
Other French Underwear 2.95 to 75.00

Negligees

THE Bride will look her loveliest in a rose pink negligee coat of gros de Londres with pouch pockets and double cord trimming at **25.00.** Other charming styles in crepe satins and brocades, **12.50 to 100.00.**

Hats

FOR going away she will choose a smart traveling hat to match her suit or wrap. One smart model is a rolling brim sailor with white crepe crown and coque feather ornament at **25.00.**

For afternoon wear she will want a handsome black lace trimmed hat at **30.00.**

Bridesmaids' Hats in exquisite pastel colors, **12.50** and upwards.

Other Hats from 5.00 to 45.00

Hosiery

TO wear with her Bridal Slippers, are beautiful white silk lace stockings at **5.00** to **8.50,** or plain white silk stockings from **2.50** to **6.00.**

For her traveling costume are novelty lace effects at **5.00** to **8.50** and embroidered clock hose at **3.75** to **6.00.** New gray hose, the ever popular brown, and a complete assortment of plain colored hose at **3.00** and **3.75.**

Other Silk Hose from 1.35 to 18.00

Footwear

OF course the Bride must wear white satin slippers—a dainty model with Louis heel and turn sole is **10.00.** And for going away she must have either gray or grouse color buckskin one-strap pumps with baby Louis heels, **15.00.** For the Bridesmaid are either gray satin or cloth of silver slippers at **10.00, 12.00.**

Other Footwear 8.00 to 15.00

Gloves

FOR the Bride who is to be married at noon mousquetaire or two-clasp gloves **2.50** and **3.50** For the afternoon wedding, 12 button length white kid gloves, **4.85.** For the evening wedding, 16-button length gloves, of beautiful soft French kid, **5.50.**

Other Gloves 1.75 to 9.00

If You Are In Doubt

As to just the proper selection, or would like the assistance and advice of one who knows, our Shopping Counsellor is at your service. She will shop with you or for you.

THE charm that lies in lovely Toiletries is appreciated by every Bride—and these we carry in abundance—combination toilet sets in Parisian Ivory Finish or Silver, delicate French Perfumes, Creams and Powders; Manicure Sets in suede cases, jewel boxes and countless other dainties for the well-appointed dressing table.

As for Luggage, we carry it in a wide range of prices and fashions; in fact, everything a Bride can desire in Hat Boxes, Steamer Trunks and Fitted Traveling Bags will be found in our Trunk and Bag Section, on the street floor, Annex.

Suggestions for the New Home

Our newly furnished suite of rooms offers many ideas in home furnishings. Our interior Decorating will also assist in furnishing suggestions for the new home.

FAIL TO OBTAIN SALES TAX AID

Boston Delegation Courteously Received at Washington, but Get No Support

Washington, May 14 — Despite their arguments for a tariff to raise the present excess profits tax and higher income surtaxes, the delegation representing the Boston Chamber of Commerce, headed by Curtis Guild, Jr., former ambassador to Russia, and Chairman Edward Filene, returned to Boston today without getting definite promise that there would be passed a measure providing for the taxation of sales.

"They were courteously received by all members of the committee, and I feel sure that they will give the matter careful consideration," said Chairman Green, "but I cannot say what action will be taken."

"President Harding, in his address to Congress, said that the demand is not that the burden be lay for the 'top' of the tax burden. That is a sentiment to which one of no short fully subscribe, but, though it will exercised, will not and does not pay bills.

"How can Republican leaders expect to hold the confidence of the country if they substitute unpopular forms of taxation without replacing them with means of supplying the government with adequate revenue. If the present taxes are repealed and their efforts against the turnover tax are successful, it can only result in large governmental deficits.

Well, Friends:
They tell me I've won again—that "The O'Brien Girl" at the Tremont Theatre has become the rage in Boston. All I've got to say is—she's so wholesome, lovable and charming she deserves that honor. And in Geo. M. Cohan's Comedians she has the Best all star cast any musical comedy ever had. The authors of "Mary" gave her song hits galore, dance hits profuse and laugh hits legion, all with the Cohan vim, speed and pep, reasons enough for popularity.

Our Avona Electric Vacuum Cleaner

Do you dread Spring house cleaning because of the extreme hard work required in removing carpets out of doors then the laborious beating? Our Electric Vacuum eliminates all dread and greatly lessens the hard work usually involved.

This machine doesn't merely loosen dirt and dust and then drop it back on the rugs, but the strong suction lifts all foreign matters into a bag where it stays until the bag is emptied by the housewife. Priced at

Have You Household Utensil Needs?

To save aimless looking around elsewhere and wasting time and energy, women should know that—conveniently grouped on our Second Floor Annex—is displayed practically everything conceivable in household utilities.

Good generous assortments are maintained all year round of any article that is common, in addition to a few new articles or devices that add comfort, save time, money or labor in the household.

This list of articles gives you an idea of the diversity of our display.

Kitchen Utensils of All Kinds
Gas and Coal Stoves
Brushes, Bath Room Fixtures
Aluminum, Agate, Tinware
Household Electrical Appliances

Hardware Refrigerators
Baskets Woodenware
Garden Tools
Cellar and Laundry Goods
Baskets for Nursery and Household

Fireless Cookers

While at camp, country or seashore a most convenient and almost necessary household necessity is a fireless cooker.

Perhaps during the day you will want to go somewhere that may take hours —then you simply place your food in a fireless cooker, go on your visit. When you return your food is all cooked—cooked right —digestible, with the full nutritive value of the food present.

Watching, basting, turning and stirring are all eliminated and the time usually spent over a stove may be turned to enjoying yourself otherwise.

Snipers Hidden in Hills of West Virginia Have Stopped All Traffic

By International News Service.

Now They're 'Faking' Wet Prescriptions

With the price of whisky prescriptions as high as $5 each in some districts, druggists report a thriving business in false prescriptions.

One Huntington avenue pharmacist said that no less than three prescriptions had been brought to his place one night, all of which were bogus. He said the printing was an exact duplicate of that used on the Federal blanks, the only difference being in the texture of the paper. He advised the holders of the spurious papers to keep away from his place.

TRACK IN BOWL IS SLOPPY

ecords Safe as Big Rivals Contest; Yale Made Heavy Favorite

By CHARLES E. PARKER

Yale Bowl, New Haven, Ct., May 14.—Heavy footing on a muddy cinder track will feel against record marks here today when the track and field athletes of Harvard and Yale meet in their annual track duel.

Weather of the most unfavorable sort is promised for the event, with a steady downpour of rain, which started during the night, and which has continued at intervals throughout the morning. Should the rain continue during the afternoon, the track will be a veritable quagmire, and the performances of the athletes will be greatly handicapped.

Not since the Harvard-Yale meet of 1913 has the track been in such poor condition. On that occasion the Harvard team, which was the favorite, was defeated by Yale, which had been given little chance to win. The Harvard team, however, was handicapped by the fact that the track was covered with a heavy coating of sand, which had been spread over the cinders to prevent the dust from rising. The sand, however, proved a hindrance to the Harvard runners, who were unable to get a firm foothold on the track.

HARRY GREB DEFEATS JIM DARCY WITH EASE

Harry Greb of Pittsburgh had little trouble in defeating Jim Darcy, local boxer who had been touted as able to beat Carpentier. Instead of being a great fighter, Darcy proved to be a very durable punching bag, absorbing a whole lot of punishment in a bout that the referee might have stopped any time from the fifth round without fear of offending anybody.

Tony Capont of Newcastle, Pa., knocked out Johnny Donovan of South Boston in the second round. The latter substituted for Danny Crush, who objected to Capont's poundage. In other bouts Frank George Shade and Young Palmer stopped Young McGovern in the second round.

FUND FOR HEROES WINS

Stonewall Jackson Is Deserving of Praise Nate Siegal and Eddie Shevlin

By JACK CONWAY

The fund started by the Boston American to raise money with which to purchase athletic equipment for the wounded soldiers at hospitals in Greater Boston has gone over the top. This was to be expected, as it is a worthy cause. The public is often a little slow in responding to an appeal, but once it awakens to a realization of a real need it will give the necessary money. When the returns are made, it is expected that close to $400 will have been raised for our war heroes. This will purchase for them the athletic equipment which will enable them to engage in healthy exercises, and thus forget their own sufferings and the grim memories of what happened over there.

* * *

Stonewall Jackson, king of baseball fans, was the most active worker for the fund for the wounded soldiers. He does not ask for any praise for himself. He says he will be perfectly satisfied in the knowledge that he has done his duty and that our war heroes will have some real athletic equipment.

CHAPTER XI

SHE did not know whether she should bring the matter up with Diana. But she was determined to meet Penn, and it so seemed an honorable thing to do. Penn would not suspect what was afoot. Diana to take with him and to introduce to Mrs. Hastings. And she knew it.

It would not be easy to keep Penn's company for a whole week-end. The thought of the effort made her tremble. But Mary Hastings had become a friend of Diana's, and Diana was the daughter of Mrs. Hastings' greatest friend.
